A LITTLE PRAYER.

I cry to Thee, my Father, even I,  
With such a bitter, human cry;  
For something held me I know not  
why?  
O, give me perfect resignation of  
Thy will.  
With power to conquer self—yet  
loving still—  
The faithfulness of prayer—oh, let  
me be  
To-day, a little child at peace with  
Thee!  
Make me a blessing to the poor,  
distracted,  
And let me be a joy and happiness  
to those who weep;  
Then teach me what is best,  
I need a willing mind, and spirit  
sweet,  
To bring my offerings to thy mercy  
seat.  
Oh Father, hear my prayer and let  
me be  
Only a little child at peace with  
Thee!

## TRIUMPH OF RIGHT.

By the following clipping it will  
be seen that the Pure Food Inter-  
national Congress has taken the  
side of right on several questions  
submitted to them:

"The International Pure Food  
Congress, at St. Louis, on Oct. 1,  
appointed a permanent Committee  
of International Conference as fol-  
lows:

"Julius Cretler, Belgium, Chair-  
man; Dr. H. W. Wiley, United  
States Department of Agriculture;  
Chevalier G. Rosen, Italy; Dr.  
John Salvo, Honduras; R. M.  
Allen, Lexington, Ky.

"A resolution was adopted favor-  
ing the restriction of the use of color-  
ing matter in pastry and confec-  
tionery to harmless colors and the  
restriction of the use of antiseptics.  
The Congress also recommended  
that all baking powders be labeled  
and universal standards be adopted.  
"Officers were elected as follows:

President, W. C. McConnell, St.  
Paul, Minn.; Vice Presidents, D.  
R. Noble, of Hartford, Conn.; C.  
P. Sherwood, of Desmet, S. D.,  
and A. E. Leach, of Boston; Secre-  
tary-Treasurer, R. M. Allen, Lex-  
ington, Ky.; Executive Committee,  
A. H. Jones, Robinson, Ill.; E. A.  
McDonald, Seattle, Wash., and  
Horace Ankeny, Columbus, O.  
These officers are the State Analysts  
and Food Commissioners of their  
respective States.

The Congress endorsed the bot-  
tling in bond law in the following  
resolution:

"Resolved, That we re-affirm the  
bottling in bond resolution which  
was adopted at the St. Paul meet-  
ing of the National Association of  
State Dairy and Food Department  
which resolution is as follows:

"Resolved, That we approve of the  
bottling in bond law as it now  
stands, and recommend that it be  
modified and extended in any way  
that would still further facilitate  
the distribution of pure whiskey  
from the distiller to the consumer.  
The entire night session of Sept.  
30 was devoted to arguments pro  
and con on the resolution. Those in  
favor were Mr. Edmund W. Taylor,  
of Frankfort, Ky.; Prof. J. O. Le-  
bach, the Kentucky State Food  
Analyst, and Mr. Geo. P. Diehl,  
while Mr. Warwick M. Hough  
argued against endorsement. Mr.  
Taylor and his forces carried the  
day.

"At the Congress a paper of Sir  
Walter Gilby on the 'Purity of  
Portable Spirits' created much in-  
terest and covered the Scotch  
whisky situation exhaustively.  
"Mr. Morgan's paper on wines and  
"Mr. Lieberman's on beer also at-  
tracted special notice.

"A paper was presented from the  
Ackley, Morrill & Condit Co., which  
attracted attention. The position of  
the company is entirely in harmony  
with the action of the Congress,  
and it stands always for the purest  
and best foods, wines and spirits.  
"Prof. M. A. Seavey, of the  
United States Standard Commission  
presided."

C. Kagin & Bro. are show-  
ing the best selection of  
dress goods to be found in  
Frankfort at lowest prices.

ETHICS OF EDUCATION.

## Third Paper.

He who helps a child helps  
humanity with a distinctness which  
no other help given to a human  
creature in any other stage of  
human life can possibly give  
again, so as in the educational  
scale of university extension there  
is brought to bear upon the minds  
and the hearts of leading new  
thought specialists the ideal train-  
ing necessary for certain direct,  
practical methods to be used in the  
education of young men and young  
women, expectant of them for  
broader walks of life, so in the  
kindergarten we have "home ex-  
tension"—the love and care of an  
ideal home applied in a direct and  
practical way to the education of  
the child. In point of fact, the  
kindergarten, accomplished with  
method and regularity, just what a  
busy mother can not, harrassed by  
the many and varied duties of a  
household, dependent upon her  
care and keeping. Kindergartens  
were first established in many of  
our cities to counteract the home  
influence, where the parents were  
incapable to the social development  
of the child. Children were sent  
to the kindergartens and afterward  
put into the primary grades for  
supplementary instruction. But  
to-day there are thousands whose  
only opportunity for acquiring  
knowledge and the basic element  
of polite culture is to be found in  
the free kindergartens and primary  
departments of our schools.

In the report of the Chicago Board  
of Education the following valuable  
testimony concerning the influence  
on such children is given: "At first  
many children are combative, re-  
sentful, rude, selfish, greedy, show-  
ing the perverting, degrading, de-  
moralizing influence common to the  
undisciplined child. A few months  
training in a good kindergarten  
makes these same children neat,  
obedient, self-helpful, thoughtful  
and helpful to others; disciplines  
them unconsciously to right thought  
and action, and lays the foundation  
for the development of true men  
and true women." A system that  
bears such fruits can not be too  
carefully nourished by society and  
the people at large.

It is wise to cultivate in the chil-  
dren a habit of being happy—a hap-  
piness that is earnest and pure,  
though induced by play. The  
dearlest surroundings can not con-  
quer or harm one who dwells above  
them in the golden light of a re-  
fined, cultivated imagination.

Training the sight only to see the  
good and the beautiful, and yet to  
discover when, how, and whom to  
help, and what and whom to avoid.  
To value strength in whatever use  
it is exerted, in climbing, walking,  
running or in other ways, to hear  
and give heed, by closing the ears  
to bad counsel, and in obeying the  
mandate of a wise and good govern-  
ment.

To be self-reliant is of more in-  
trinsic value to the child than  
hoarded wealth for future spending,  
while trust, confidence and indepen-  
dence, are golden stepping-  
stones where no harm can ever befall  
the child who walks thereon.

Let our imaginations tell us to de-  
spise the work which is ours to do.  
Then it makes of us common  
drudges. But—if it flows love—we  
do the duty that lies nearest, our  
work becomes artistic, as well as  
ennobling, the loving (daily) of our  
inner and better selves. Evil com-  
munications will corrupt good  
moral! and the boy or the girl  
whose preference has an evil ten-  
dency is certain to corrupt, by influ-  
ence, the child with whom he or  
she associates. Then let us ray-  
fully recall this lost childhood,  
where we know'd love, truthfulness,  
love, beauty, goodness, faith and  
charity alone, can give life, vital-  
ity, and mechanism to our work. A  
work for which some are born,  
many are made, and the majority  
have the vocation thrust upon  
them.

We are confronted with the fact

of great inefficiency on the part of  
young teachers (graduates though  
they be, who are called upon to  
meet the intelligent demand of  
pupils coming from excellent lower  
departments, who also are pre-dis-  
posed to teach, without the reading  
of an educational treatise, the hear-  
ing of a lecture, or any conception  
of science, history, or the great  
literature of pedagogics.

The assumption of youth is ego-  
tism and although it was once  
thought that good scholarship was  
an all sufficient preparation for the  
work of the teacher, the vast ma-  
jority of competent educators,  
backed by the protest of sensible  
parents and public school men,  
boldly challenge such sophistry.  
Teachers must be trained! They  
must be well-grounded in every  
department of work! They must be  
broad-minded and spiritual in  
thought—for thereby each of us  
may grow in grace, and the knowl-  
edge of God, becoming in His sight  
even as a little child!

## CASE AFTER CASE.

Plenty More Proof Like This in  
Frankfort.

Scores of Frankfort people can  
tell you about Doan's Kidney Pills.  
Many a happy citizen makes a pub-  
lic statement of his experience.  
Here is a case of it. What better  
proof of merit can be had than such  
endorsement?

E. G. Hoate, proprietor of the  
Frankfort Planing Mill, residing  
at 220 St. Clair street, says: "I al-  
most constant misery during the  
day and restless and sleepless at  
night from the dull aching cross  
the small of my back and through  
the kidneys expresses my condition  
for some years. I also suffered  
a great deal from headaches and  
spills of dizziness, and often when  
I arose I was almost blind for a  
time. There was a difficulty with  
the kidney secretions which very  
frequently were very annoying and  
disagreeable. I did not and used  
lots of medicine obtaining little or  
no benefit until Doan's Kidney Pills  
were so persistently recommended  
to me by a friend that I went to J.  
W. Gayle's drug store and got a  
box. I took them as directed and  
must say they helped me a great  
deal. My back feels better and  
stronger. I can rest better at night  
and the trouble with the kidney se-  
cretions was much relieved. As  
the result of Doan's Kidney Pills  
my condition is so much improved  
that I feel like a new man."

For sale by all dealers. Price 50  
cents. Foster-McMurray Co., Buffalo,

States.

Remember the name—Doan's—  
and take no other.

Purifies the blood; Cures (ointment) for the skin.

HAUL DOWN THE BANNERS.

The Self-Forceproof Circus has,  
like Caesar, "come, seen, conquered  
and skedaddled," but the ever-  
lasting banners advertising the  
show for Sept. 23, are like the brook  
that "flows on forever." To the  
tired eyes of people who have had  
to look at them ever since August,  
they have become a perfect eyesore  
and a nuisance.

Haul them down and burn them  
up. They are a disgrace to our city  
just now.

## ROBBED THE GRAVE.

A startling incident is narrated  
of a citizen of Philadelphia, as  
follows: "I was in an awful condi-  
tion. My skin was almost yellow,  
eyes sunken, tongue coated, pain  
continually in back and sides, no  
appetite, growing weaker day by  
day. Three physicians and given  
me up. Then I was advised to use  
Castoria. It gave me my great joy.  
The first bottle made a decided im-  
provement. I continued their use  
for three weeks, and am now a well  
man. I know that I robbed the  
grave of another victim." No one  
should fail to try them. Only 50  
cents, guaranteed at all drug stores.

**SPLENDID ARTICLE.**

The Glenmore Whisky is distilled at the Glenmore Distillery, in Davies county, Kentucky, which distillery was started about 24 years ago by Mr. R. Monarch, and at which distillery, for years, there were distilled the famous brands of "Glenmore."

The whisky is of the heavy bodied Davies county type and has always been a favorite and a good seller amongst the most discerning trade who insist on getting heavy bodied goods.

The distillery is located about 12 miles east of Owensboro, Ky., on the Ohio river, on one of the most ideal distillery sites in the State. In 1901 a vast amount of money was put into the plant in improvements until it is now recognized by the trade as one of the very best houses in the State. The water supply is very fine, and is luxuriant, so that whisky can, to good advantage, be made at the distillery at any season of the year. The goods have a peculiar character that we have seen in no other whisky, and which individuality causes the customer to stick to the brand and make it very hard for others to try to substitute other goods for it.

The whisky is distilled on the sour mash system. The utmost cleanliness is maintained throughout the distillery, in fact, the most delicate plant will grow anywhere around or under the fermenters or the yeast room. The distillery is operated on a very large scale, has an output running from 120 to 150 bbls. per day.

## The Frankfort Roundabout

Entered at the postoffice at Frankfort, Kentucky, as second-class mailable matter.

GEO. A. LEWIS, Pro'r and Pub.

FRANKFORT, OCTOBER 15, 1904

### AS TO CHANGE OF SITE.

Some time since, when the matter was first broached, Hon. L. F. Johnson, Representative from this county, issued a card in answer to the Louisville Times, stating why he was opposed to reopening the question as to the Capitol site question.

The following card from Col. E. H. Taylor, Jr., Senator from this district, is equally clear and emphatic upon the points at issue, which are again being agitated by the certain influences:

Frankfort, Ky., Oct. 8th. Commercial Club, Louisville, Ky.: Gentlemen—On my return home, after an absence of two months from the State, I found your communication requesting my views touching the desirability of a change of site for the new Capitol. In reply, I beg to say that the subject is not a new one with me, nor, as I believe, with the members of the Legislature. The matter was thoroughly discussed by the committees of the two houses, and by the members, and, as I believed, conclusively settled by the almost unanimous vote of both legislative bodies.

My views are in thorough accord with legislative action, and the people of Frankfort, one of whose representatives I am, are practically a unit in favor of the present site. I can not see the advisability of reopening a question, which, if done, might extend to the original matter of Capitol location, and such result would be disastrous alike to the dignity and reputation of the State and to the progress and prosperity of the people.

Very truly,  
E. H. TAYLOR, JR.

It will be a regular blanket affair and will be very cumbersome to handle.

## BONE FOOD

Soft and crooked bones mean bad feeding. Call the disease rickets if you want to. The growing child must eat the right food for growth. Bones must have bone food, blood must have blood food and so on through the list.

Scott's Emulsion is the right treatment for soft bones in children. Little doses every day give the stiffness and shape that healthy bones should have.

Bow legs become straighter, loose joints grow stronger and firmness comes to the soft heads.

Wrong food caused the trouble. Right food will cure it. In thousands of cases Scott's Emulsion has proven to be the right food for soft bones in childhood.

Dr. Miles' Heart Cure is not only a great heart regulator, but it is a blood tonic which speedily corrects and regulates the heart's action, enriches the blood and improves the circulation. It will build you up just as it did Mr. Crawford, whose letter follows, and greatly improve your general health:

"I have been so greatly benefited by Dr. Miles' Nervine and Heart Cure that I freely recommend them as the best remedies for the diseases they are recommended to cure. When I began taking these medicines I weighed scarcely 120 pounds, my nerves were badly shattered and my heart troubled me a great deal. I had pain in my left arm and shoulder, had difficulty in sleeping on my left side, had frequent smothering spells and my heart would flutter and palpitate. I could eat scarcely any kind of food without suffering great distress, and was so restless and nervous that I slept little night or day. Now I am never lithered with my heart, my nerves are steady as a die, I sleep well, eat well and weigh 163 pounds. I am happy now and am trying to make back the money I spent for doctors who did me no good while I was ill."—T. R. CRAWFORD, Center, Texas.

### MONUMENT TO ED. PORTER THOMPSON WILL BE DEDICATED NOVEMBER 3.

On account of the absence of Gen. Fayette Hewitt, who is attending the Episcopal Convention in Boston, the dedication of the monument to Capt. Ed. Porter Thompson, Orphan Brigade Historian and late State Superintendent of Public Instruction, has been postponed from October 20 to November 3.

Col. Hiram Hawkins, of the Fifth Kentucky Infantry, is the only Colonel of the brigade living. He resides near Eufaula, Ala., and has written to Secretary Thomas D. Osborne that he will attend the reunion and dedication. Gen. Fayette Hewitt will be master of ceremonies. All the railroads in the South have made a reduced rate for the meeting, and it is expected that there will be a large attendance. The Daughters of the Confederacy will also be present at the dedication. As there are members of the Orphan Brigade in eighty-two counties of Kentucky, the press of the State is asked to copy this notice of the dedication.

### FRANKFORT MAN APPLIES FOR POSITION IN WASHINGTON CITY.

Chas. G. Mutenbergh, of this city, is a candidate for the position of Official Stenographic Reporter of the House of Representatives, at Washington, D. C., to fill the position of one of the deceased reporters of that body.

Mr. Mutenbergh is highly recommended by Judge George DuRoi, ex-Governor W. O. Bradley, Hon. J. W. Yerkes, Judges A. R. Burman, Ed. C. O'Rear, Republican members of the Kentucky Court of Appeals, Judas Settle, etc., of the Democratic portion of that court, by four ex and present circuit judges of the mountain section of Kentucky, and by an almost unanimous petition of the Republicans of the Eleventh Congressional District of Kentucky.

Mr. Mutenbergh's reputation as a stenographer throughout Kentucky is unquestionably superior to that of any man in his party and for this, if no other reason, his appointment to the position to which he aspires, would be very much appreciated.

Mr. Mutenbergh is well educated, a self-made man and with no other opportunity except is indomitable courage and perseverance accomplished what he has.

There is not a citizen in Frankfort, Ky., would not regret to lose Mr. Mutenbergh yet we all, independent of party affiliation, would rejoice in his advancement to the position he seeks, and is so deserving of.

### MONDAY'S SHOOTING.

About 10 o'clock, on Monday morning, Mr. Will Hayden and City Marshall Coleman S. Whitehead

became involved in a difficulty, in the course of which Whitehead fired two shots at Hayden. One ball went wild and lodged in the door casing of the New Palace Saloon, and the other struck Hayden on the breast bone, but failed to enter.

Hayden was at once taken to the office of Dr. V. V. Williams and when his clothing was opened at the ball fell out. The wound, which was slight, was dressed and Hayden went to his home, after both he and Whitehead had been held on bond of \$500 each by Judge J. H. Polsgrove.

A very close call and a wonderful escape.

### THE QUEEN CROWNED.

Miss Eloise Booe, the handsome daughter of Judge C. E. Booe, who was chosen the Queen of the Carnival, was presented with the \$100 diamond ring, in the parlors of the Capital Hotel, on Saturday night, in the presence of a big crowd. Col. T. Hiter Crockett, in his most felicitous style, made the address of the occasion.

### BIG SENSATION.

There was a big sensation in Evansville, Ind., when W. H. Brown, of that place, who was expected to die, had his life saved by Dr. King's New Discovery for Consumption. He writes: "I endured insufferable agonies from Asthma and your New Discovery gave me immediate relief and soon thereafter effected a complete cure. Similar cures of Consumption, Pneumonia, Bronchitis and Grip are numerous. It's the peerless remedy for all throat and lung troubles. Price 50c and \$1.00, guaranteed by all druggists. Trial bottles free."

### FIRE AT PLEASUREVILLE.

About 12 o'clock, on Sunday night, a fire broke out in Pleasureville, which destroyed some seven or eight houses and burned up several cars loaded with lumber and coal, which were on the track at the depot. The fire was so hot and burning so furiously that the passenger excursion train, coming from Louisville, and a west-bound through freight train, were both compelled to stop and wait the extinguishment of the fire.

The passenger train reached here at 8 a. m. Monday morning.

### CAN YOU EAT?

J. B. Taylor, a prominent merchant of Christian, Tex., says: "I could not eat because of a weak stomach. I lost all strength and ran down in weight. All that money could do was done, but all hope of recovery vanished. Hearing of some wonderful cures effected by use of Kodol Dyspepsia Cure, I concluded to try it. The first bottle benefited me, and after taking four bottles I am fully restored to my usual strength, weight and health."—Kodol Dyspepsia Cure digests what you eat and cures. Sold by J. W. Gayle.

#### THE I. C. STATEMENT.

It was an Athenian who reduced the philosophy of happiness to two rules of action: Take much from life, and give largely to the living. And in the centuries that have passed since Pericles exemplified his precepts in his own life the world has progressed but little beyond the ethical law upon which he insisted. The terms have changed, but reduce to its ultimate intention, the dogma of almost every school of moral science from his day until now is fairly stated in these words:

Judged by this standard of happiness, the year closing on June 30, 1904, was an exceptionally happy one for the Illinois Central Railroad, for during that year it increased materially both its gross receipts and its expenses. The fact that the current expenses of the road increased more than its gross receipts, ought not, perhaps, to be argued by the pessimist. The road has, at least, felt the joy of discharging munificently. It has been a medium of enlarged and wonderful activity, carrying more of the commerce and travel of the nation than ever before. It has, at the same time, cost the road more to carry its business than before, and the ratio of increased cost has outstripped the ratio of increase in the gross income.

Stated in the more exact language of the figures of the report of the directors of the road for the year referred to, it is shown that the increase in gross receipts from traffic amounted to \$1,645,053.04, while the increase in expenses of operation foot up \$2,957,367.96. The reasons assigned for this disproportionate increase in operating expenses are: The prolonged cold season of the past winter, the increased cost of fuel and the increased wage scale of operatives. In the latter item alone the increase is shown to have been \$2,340,460.25.

There is food for reflection in this latter statement. It is sometimes bitterly complained by the working force that there is an unfair division with them of the profits of the gigantic industrial enterprises which transact the business of this Twentieth Century world. If there is reasonable foundation for such a charge, it certainly is not to be found in the fact that the largest item of increase in the expenses of this road for the year is in the wages paid to its operatives.

One moral, however, is certainly pointed out by this condition of affairs. It is cumulative evidence of National prosperity, which consists in augmenting the earning power of an individual, or of a corporation, and at the same time increasing still more in proportion the essential expense account of the carrier. That the Illinois Central Railroad should show such a result at the end of its year's business is not matter for wonder. It would be if the result were otherwise. The road is an integral part of the commercial and industrial development of the United States, and necessarily reflects prevailing

conditions. The facts shown in the statement referred to indicate how closely identified are the best interests of labor and capital, and how impossible it is for the one to prosper or suffer without involving the other.

As the great commercial artery along which pulses the interchange of business north and south, the Illinois Central is of special interest to both sections. As the chief of the many lines of railway centering in Memphis and discharging their swelling tides of commerce through her gates, the road is of special interest to Memphis. And hence it is with more than ordinary gratification that Memphis unites with the rest of the busy world of commerce, North and South, in celebrating the enterprising line upon the splendid showing made. The Illinois Central has been an enlarged distributor of wealth during the past year. So much is evidenced by the annual statement. And in that respect, at least, it is to be congratulated upon having fulfilled what Pericles denominated the law of happiness. It has taken with a larger grasp of the business of the world, and dispensed with broader palm the result of its winnings.—Memphis Paper.

#### A THOUGHTFUL MAN.

M. M. Austin, of Winchester, Ind., knew what to do in the hour of need. His wife had such an unusual case of stomach and liver trouble, physicians could not help her. He thought of and tried Dr. King's New Life Pills and she got relief at once and was finally cured. Only 25c at all drug stores.

#### NARROW ESCAPE.

On Sunday night, about 7:15 o'clock, Lewis Glone, who was under the influence of liquor, was walking on the street car track at the corner of Steele and Second streets, when a car came along bound for the North side. The motorman called several times to Glone, besides ringing the gong, but Glone did not heed the warning. The motorman endeavored to stop the car, after he found the man was not leaving the track, but could not stop it in time to avoid a collision. Glone was knocked down and rolled over by the fender, but, luckily, no bones were broken, although he was badly bruised and cut.

Surgical attention was rendered and the man taken to his home on the Lawrenceburg pike. It is thought that he will soon be out again.

This is only one of the many, many cures that have been effected by this wonderful remedy. In buying Witch Hazel Salve it is only necessary to see that you get the genuine DeWitt's, made by E. C. DeWitt & Co. in Chicago, and a cure is certain. DeWitt's Witch Hazel Salve cures all kinds of piles, cuts, burns, bruises, eczema, tetter, ring-worm, skin diseases, etc. Sold by J. W. Gayle.

**EXCURSION TO LOUISVILLE.**

On Sunday last an excursion train left this city for Louisville, at 8:10 that morning. There was quite a crowd on board. All went well with them until they reached Pleasureville returning, about 12 o'clock p. m., where the train was compelled

to stop, as a lot of cars, loaded with lumber and coal, at the depot at that place, were found to be burning, and so obstructed the track that the train could not pass.

The excursionists did not reach home until 8 o'clock on Monday, and a more tired-out and disgusted lot of people were hard to be found.

The yard engine from this place and a patched-up train left here at 5:50 Monday morning (the hour for the accommodation train) for the scene of the trouble.

### WRITE THIS DOWN

In the book of memory: There is no such thing as a harmless cough. Every cough is a warning of a confidence that goes from bad to worse unless it is remedied right away. Opium-laden medicine is a delusion. Allen's Lung Balsam cures the worst of colds. It clears the bronchial passages, so that the lungs get plenty of air. Why not get a bottle to-day.

Croup instantly relieved. Dr. Thomas' Electric Oil. Perfectly safe. Never fails. At any drug store.

### CLIMATIC CURES.

The influence of climatic conditions in the cure of consumption is very much over-rated. The poor patient, and the rich patient too, can do much better at home by proper attention to food digestion, and a regular use of German Syrup. Free expectoration in the morning is made certain by German Syrup, so is a good night's rest and the absence of that weakening cough and debilitating night sweat. Restless nights and the exhaustion due to coughing, the greatest danger and dread of the consumptive, can be prevented or stopped by taking German Syrup liberally and regularly. Should you be able to go to a warmer climate, you will find that of the thousands of consumptives there, the few who are benefited and regain strength are those that use German Syrup. Trial bottle, 25c; regular size, 50c. At all druggists.

It is hoped that much good may be accomplished.

Married—In Covington, on Wednesday, Mr. Squire P. Willis, of Woodford county, and Miss Jimmie Bondi, of this place, were married. Mr. Willis is in the internal revenue service, as stock-keeper. His bride is one of our sweetest and most popular girls.

The marriage of Miss George Dixie Triplett, of Stamping Ground, and Mr. Scott Yates, of Melwood, Olla, took place at the Baptist church on Wednesday. Rev. Mr. Cochran, of Lexington, performed the ceremony. The church was prettily decorated for the occasion. The bridesmaids were Miss Carolyn Triplett, sister of the bride, and Miss Carrie Reynolds, of Centerville and Miss Elizabeth Sparks. The bride and maids were gowned in stylish brown tailored suits, the former carrying bride roses and the latter pink. The groomsmen were Messrs. Craig Bradley, Thos. Hook Jr. and Bishop Kinsinger. After the ceremony the bridal party left for the St. Louis Fair, after which Mr. and Mrs. Yates will go to Oklahoma to reside. The bride is pretty and attractive and is a daughter of Squire S. B. ## GOOD SPIRITS.

Good spirits don't all come from Kentucky. Their main source is the liver—and all the fine spirits ever made in the Blue Grass State could not remedy a bad liver or the hundred-and-one ill effects it produces. You can't have good spirits and a bad liver at the same time. Your liver must be in fine condition if you would feel buoyant, happy and hopeful, bright of eye, light of step, vigorous and successful in your pursuits. You can put your liver in fine condition by using Gro's August Flower—the greatest of all medicines for the liver and stomach and a certain cure for dyspepsia or indigestion. It has been a favorite household remedy for over thirty-five years. August Flower will make your liver healthy and active and thus insure you a liberal supply of "good spirits." Trial size, 25c; regular bottles, 75c. At all druggists.
